• **personal profile:-**

A Front-End Developer with 1+ years of experience, I specialise in Transformation PSD To website and front-end development. Here's what I can do for you:

- ✓ build a robust, quick and fully responsive website from your design or selected theme
- ✓ convert your design into a pixel-perfect, valid, bullet-proof responsive and cross-browse HTML/CSS/JS
- ✓ improve / customize / modify an existing website or theme

My working toolbox includes HTML5 and CSS3, Bootstrap4, Foundation, Sass , JS/jQuery, PHP/MySQL, git, gulp, etc.

As a front-end accented developer, I'm familiar with design and UX/UI fundamentals and have a sense of design. I'm using Adobe software, Sketch, Zeplin, Abstract, Balsamiq and Axure.

My strong sides are responsibility, enthusiasm and communicability. I like my job and have a passion for learning new. Providing each client with a high level of quality is my #1 priority.

I'm interested in building a good and long-term relations.
